Stage decor

Balloon decor on your stage helps create a one-of-a-kind event feel! Stages are the center of attraction on every occasion and are often the photo background, right?

Get your stage photo-ready and event-ready with balloon walls, columns, sculptures – anything you want us to create for you!

Photo backdrops

Photos spread the news of your events in town! And we want to make those photos as astonishing as possible with the array of balloon decors we make!

Balloon arches, walls, columns, towers, organics, and more can work wonders on your photos!

Not only that, let's showcase your company by adding your logo and colors!

Balloon drops

Create an out-of-this-world experience which will leave students and visitors in AWE with balloon drops! This idea is perfect for highlighting the climax of your event and finishing it off with a BANG!

NEPA Balloons specializes in balloon-only drops and no confetti. We want students and personnel to enjoy the event fully without thinking about after-event-cleaning worries.

Arches

There's nothing like balloon arches and columns for adding color and fun to any part of the venue— from entrances to walkways or streets – no matter the weather! Let's add some brand colors to these arches and columns to take the fun to the next level!

Our broad experience in outdoor decoration has helped us to tailor your decors to your needs - and also to make them weather-proof and resilient.

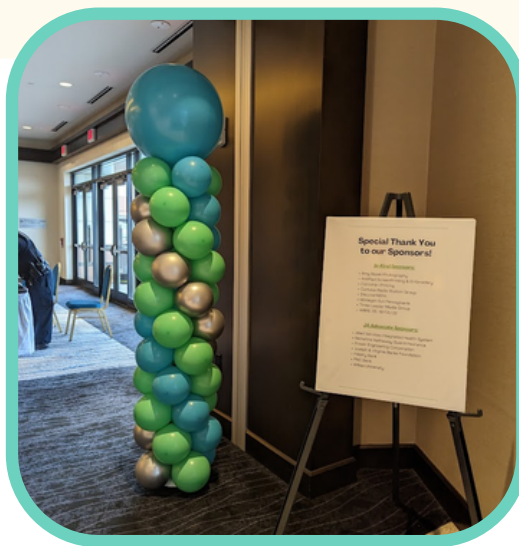

Columns

These balloon columns make the perfect entrance! Use your brand colors and lead your guests to your occasion.

Whether that's a product launch, grand opening, or celebrating a milestone, this will surely add to
